<i>Introduction to Lesson</i>		
	<p>Demonstrate using the Mavica digital camera, loading disk, focussing, composition, use of flash lighting, moving between functions.</p> <p>Question and answer session on what makes a good photograph? Think about background details in photos.</p> <p>Reviewing and deleting photos in Camera-mode. (Camera will take about 5 photos with high resolution on one floppy disk)</p> <p>Talk about size of files and the use of a memory stick.</p>	<p>The pupils, in pairs, investigate the camera and the various functions.</p> <p>Answer questions for themselves and in response to the teacher.</p> <p>Pupils’ learning: Understand the way the camera works.</p>
<i>Main parts of Lesson:</i>		
	<p>Open “Publisher” and check that pupils know how to insert images from the disk, and what they need to do to resize, crop, enhance photos.</p>	<p>Pupils practice taking photos of each other and inserting, cropping and resizing them on the back page of the publication along with details of the school, the school logo and addresses (web site, e-mail and street).</p>
	<p>Demonstrate how to use the scanner and scan in images to Publisher.</p>	<p>Pupils scan in the images / text and insert them in the appropriate places in the front page or back pages of their newsletter. Make alterations to their pages in the light of discussions and work done for homework. Print out second draft.</p>
<i>Plenary:</i>		
	<p>Use the printouts of the pages to lead a discussion on the style and format, what might be done to improve them with relevance to the audience of the newsletter.</p>	<p>Pupils work in pairs to suggest improvements to each others’ pages. Discuss what might be done to give layout of back page more of a personal style.</p>

<p>Homework opportunities: Continue to work on the middle 2 pages of the publication.</p>	<p>Pupil Support: ICT advisor to support pupils, provide comment and technical suggestions. Guidance sheets on how to use the scanner.</p>	<p>Extension Activities: Re-working the images using Photoshop or other photo-editing software</p>
